ATRIUM-SCE, LLC, a California limited liability company having an office at 4080 Cavitt Stallman Road, Suite 200, Granite Bay, California ("**LICENSOR**")

AND

NEXTEL OF CALIFORNIA, INC., a Delaware corporation, d/b/a Nextel Communications, having an office at 310 Commerce Drive, Irvine, California 92602 ("**LICENSEE**").

The property which is the subject of this Agreement are those portions of the realty and/or buildings or structures located thereupon which are owned or leased by LICENSOR, or which LICENSOR has a right to the use of the building known as Atrium Tower and located at 333 North Rancho Drive, Las Vegas, Nevada ("**Premises**"). The Premises is further described on Exhibit "A" attached hereto.

LICENSOR's managing agent with respect to communications equipment located upon the Premises is AAT Communications Corp., a New York corporation having an office at Woodbridge Place, 517 Route One South, Fifth Floor, Iselin, New Jersey 08830 ("**AAT**").

In consideration of the mutual covenants and obligations herein contained, Licensor and Licensee agree as follows:

1. **License.** *LICENSOR grants to LICENSEE a non-exclusive right to use the Premises for the installation and operation of the communications equipment ("**Equipment**") described on Exhibit "B" attached hereto. LICENSEE is solely responsible for determining whether the Premises are suitable for its intended use. Notwithstanding the foregoing, LICENSOR agrees that LICENSEE shall have the exclusive use of those portions of the Premises upon and/or within which the Equipment is located. In the event LICENSEE constructs its own shelter pursuant hereto, LICENSOR agrees that LICENSEE shall have the exclusive right to use the equipment shelter portion of the Premises.*

2. **Pre-Installation Testing/Installation.** A. *Subject to the consent of LICENSOR, LICENSEE shall have the right at any time following the Agreement Date to enter upon the Premises for the purpose of making appropriate engineering surveys, inspections, and other reasonably necessary tests and constructing the Equipment.* B. *LICENSEE shall be responsible for obtaining all permits, licenses and other approvals required by any municipal, county, state or Federal governmental or regulatory body or agency, including a license issued by the Federal Communications Commission ("**FCC**"), for the installation and operation of its Equipment at the*

Premises. LICENSOR agrees to cooperate with LICENSEE, at LICENSEE's expense, in making application for and obtaining all such permits, licenses and other approvals. Before commencing said installation, LICENSEE shall seek AAT's and LICENSOR's approval of LICENSEE's plans and specifications. LICENSOR and AAT shall not unreasonably withhold their approval of said plans and shall use best efforts to respond within 20 business days after LICENSEE'S submission of such plans and specifications. The location at which the Equipment shall be installed shall be determined jointly by AAT, LICENSOR and LICENSEE, with consideration of LICENSEE's needs; once determined, such location shall be described and/or depicted on Exhibit "C" attached hereto. The Equipment shall be installed in accordance with AAT's technical standards as set forth on Exhibit "D" and principles of good workmanship. LICENSEE shall notify LICENSOR at least 48 hours prior to the commencement of installation of the Equipment.

3. **Interference.** A. *LICENSEE represents and warrants that the Equipment shall not (i) cause interference to the electronic equipment and/or television or radio reception of LICENSOR and residents/tenants of the Premises' Owner, (ii)*

cause interference to the communications equipment of other users of the Premises existing as of the date of installation of LICENSEE's Equipment or (iii) create a nuisance at or upon the Premises. LICENSEE shall cooperate with AAT and LICENSOR to the extent reasonably necessary to determine the source of any interference believed to be emanating from systems operating at the Premises. If LICENSEE's Equipment is determined to be the cause of any such interference, and such interference cannot be eliminated within 48 hours after receipt of notice thereof from AAT or LICENSOR, LICENSEE shall discontinue use of the Equipment (except for intermittent operation for the purpose of testing following any remedial measures) until the interference is eliminated.

B. Subsequent to the installation of the Equipment, LICENSOR shall not permit itself, its lessees or licensees to install new equipment on the Premises if such equipment is likely to cause interference with LICENSEE's Equipment. In the event any such interference occurs to LICENSEE's Equipment, AAT and LICENSOR agree to take all action necessary to eliminate such interference within 72 hours after receipt of notice thereof from LICENSEE. In the event such interference is not timely eliminated, LICENSOR shall immediately require (including, without limitation, terminating the agreement of such interfering party and/or turning off the power to such equipment, provided that such remedies are available within the agreement between LICENSOR and such interfering party) the interfering party to discontinue use of the equipment (except for intermittent operation for the purpose of testing following any remedial measures) until the interference is eliminated. LICENSOR represents that the agreements executed by and between LICENSOR and future users of the Premises shall include, and LICENSOR shall enforce, language substantially similar to the foregoing.

4. **Access.** LICENSEE and its employees, agents and contractors shall have access to the Premises during the hours of 9 A.M. and 5 P.M., Monday through Friday, only for the purposes of installing, operating, maintaining, repairing and removing the Equipment. In the event of emergency or equipment malfunction, access shall be granted at any time, subject to the security, safety and identification procedures of LICENSOR as set forth in Exhibit "E" attached hereto.

5. **Term.** A. This Agreement shall become effective upon the commencement of installation of the Equipment or March 1, 2002, whichever first occurs ("**Commencement Date**") and shall continue in effect for a term of five (5) years, unless terminated prior to the expiration of said term in accordance with the provisions of Paragraph 18.

B. Provided that (i) LICENSEE is not in default hereunder, (ii) this Agreement has not expired or been terminated, and (iii) LICENSEE has not notified LICENSOR at least 180 days prior to the expiration of the then-current term of its election not to renew the term, this Agreement shall automatically be renewed under the same terms and conditions for four additional five-year terms, subject to the increase in the license fee provided in Paragraph 6 hereof.

C. LICENSEE shall have no right to hold over at the Premises beyond the expiration of this Agreement. In the event of a holdover tenancy, LICENSEE shall be liable for a holder fee in an amount equal to 150% of the then current license fee paid at the time of the termination or expiration of this Agreement for each month LICENSEE holds over.

6. **License Fee.** As compensation for the rights granted hereunder, LICENSEE shall pay to LICENSOR an annual license fee of Eighteen Thousand Dollars (\$18,000.00) for the first year of the term, payable in monthly installments of one-twelfth each, beginning on the Commencement Date. All license fee payments due hereunder shall be paid in advance and shall be due on or before the first day of each month. In the event the Commencement Date is other than the first day of the month, the license fee for the first and last months of the term hereof shall be apportioned accordingly. At each anniversary of the Commencement Date, during the initial term and any renewal terms, the annual license fee payable by LICENSEE shall automatically increase by four percent (4%).

7. **Responsibility for Equipment/Waiver of Lien.** A. The Equipment shall remain the personal property of LICENSEE, and LICENSEE agrees that neither LICENSOR nor AAT shall have any responsibility for the care and protection thereof. LICENSEE shall mark all of its Equipment (including but not being limited to antennas, cables and equipment cabinets) with weatherproof tags or plates identifying LICENSEE as the owner and/or operator thereof and shall keep, operate and

maintain said Equipment in a safe condition and in good repair.

B. LICENSOR waives any lien rights it may have concerning the Equipment which is deemed LICENSEE's personal property and not fixtures, and LICENSEE has the right to remove the same as provided in Section 4 of this Agreement without LICENSOR's consent, provided, however, that LICENSEE shall remain liable for the license fee due and payable hereunder.

C. LICENSOR acknowledges that LICENSEE has entered into a financing arrangement including promissory notes and financial and security agreements for the financing of the Equipment (the "Collateral") with a third party financing entity (and may in the future enter into additional financing arrangements with other financing entities). In connection therewith, LICENSOR (i) consents to the installation of the Collateral; (ii) disclaims any interest in the Collateral, as fixtures or otherwise; and (iii) agrees that the Collateral shall be exempt from execution, foreclosure, sale, levy, attachment, or distress for any license fee due or to become due and that such Collateral may be removed as provided in Section 4 of this Agreement without recourse to legal proceedings provided, however, such removal shall not relieve LICENSEE of any liabilities hereunder.

8. Electrical. A. LICENSEE will, at its sole cost and expense, arrange and pay for separately metered electrical power to LICENSEE's Equipment. In the event LICENSEE is unable to obtain separately metered electrical service from the local utility company, LICENSEE shall use the existing electrical circuits at the Premises. In the event any increase in the capacity or modification thereof is required for the operation of the Equipment, LICENSEE shall, subject to the consent of LICENSOR, perform such modifications at its sole cost and expense.

B. LICENSEE shall have the right to install a submeter to measure the electricity consumed by the Equipment and shall, on a monthly basis, compensate LICENSOR at the rate charged by the serving utility company for the cost of same. In the event LICENSEE does not exercise the foregoing right, LICENSOR shall compute or meter such consumption by the Equipment and bill LICENSEE for the cost of same. LICENSOR shall, upon request of LICENSEE, provide LICENSEE with reasonable supporting documentation establishing the basis for such billing.

C. Subject to the approval of the LICENSOR and to LICENSEE'S compliance with all applicable law and regulations, LICENSEE shall have the additional right to install, for LICENSEE's exclusive use, (i) a battery backup, and (ii) a plug to connect an external power source to be connected in the event that power is, or will be, out for one hour or more and (iii) an emergency generator. In the event that LICENSEE elects to connect an emergency generator, both parties hereby agree that the emergency generator shall not be placed on the rooftop but shall remain on the ground provided that LICENSEE shall have access to and exclusive use of the generator receptacle and is hereby grants all necessary rights related thereto (including, but not limited to, the right to place and maintain the mobile generator adjacent to the generator receptacle).

The Equipment shall, at all times during the initial term and any renewals, be installed, operated and maintained by LICENSEE in accordance with all laws, codes, rules, regulations, orders and requirements of all local, county, state and Federal governmental and regulatory bodies and agencies, including, but not being limited to, all rules, regulations and orders of the FCC and the Occupational Safety & Health Administration ("OSHA"). Within 10 days after the Commencement Date, LICENSEE shall provide AAT or LICENSOR with a copy of the license issued by the FCC for the Equipment. In addition, LICENSEE shall post a copy of said FCC license at the Premises, in the location designated by AAT or LICENSOR.

10. RF Emissions. A. LICENSEE shall be responsible for ensuring that the Equipment does not cause radiofrequency ("RF") emissions which are in excess of the safe limits established by the FCC (the "RF Standards"). Before installing the Equipment, LICENSEE shall survey the existing RF environment at the Premises. By installing the Equipment, LICENSEE shall be deemed to have represented to LICENSOR that the Equipment shall not itself violate, or, in conjunction with other RF sources located at the Premises as of the Commencement date cause to be violated, the RF Standards.

B. LICENSEE shall cooperate with LICENSOR in reducing RF exposure to maintenance personnel by powering down the Equipment, as necessary, during periods of maintenance at the Premises. LICENSOR and/or AAT shall provide LICENSEE with as much advance notice of any such maintenance as is reasonably available.

Except in the event of (i) an emergency or (ii) maintenance by LICENSOR, LICENSOR and AAT agree to use best efforts to schedule such powering down only at such times and for such periods as reasonably acceptable to LICENSEE.

11. **Environmental.** A. LICENSOR represents that neither LICENSOR nor, to LICENSOR's knowledge, any third party has used, generated, stored, treated or disposed of, or permitted the use, generation, storage, treatment or disposal of, any Hazardous Materials on, in, under or about the Premises in violation of any law or regulation.

B. LICENSEE shall not bring, use, generate, store, treat or dispose of any Hazardous Materials on, in, under or about the Premises in violation of any law or regulation.

C. LICENSOR shall not, and shall not permit any third party under its control to bring, use, generate, store, treat or dispose of any Hazardous Material on, in, under, or about the Premises in violation of any law or regulation.

D. As used herein, "Hazardous Materials" shall mean any material, waste or substance defined as hazardous, toxic or dangerous in any applicable local, county, state or Federal law or regulation.

12. **Insurance.** A. At all times during the initial term and any renewal terms, LICENSEE shall carry insurance protecting itself, and naming LICENSOR and AAT as additional insureds (except for any act, omission or negligence of LICENSOR and/or AAT and/or the lessees, licensees, employees, agents and contractors of either) against all claims, demands, judgments, liabilities and losses which may be made against or suffered by them as a result of (i) LICENSEE's use of the Premises, (ii) the installation, operation or presence of the Equipment at the Premises, or (iii) any act, omission or negligence of LICENSEE or its employees, agents or contractors while on or in the vicinity of the Premises.

B. LICENSOR and AAT shall indemnify and hold LICENSEE harmless from and against all losses, damages, fines, penalties, claims, costs, expenses and liabilities (including costs of defense and reasonable attorneys' fees but expressly excluding any and all of the foregoing which result from the negligence or willful misconduct of LICENSEE) which are suffered by, levied upon or brought against LICENSEE (or its employees, agents or contractors) as a result of (i) the installation, operation, presence,

Within a period of 20 days following the expiration or termination of this Agreement, LICENSEE shall (i) remove the Equipment and all cables, components and other property of LICENSEE from the Premises, (ii) repair any damage to the Premises caused by such removal and (iii) restore those portions of the Premises upon and/or within which the Equipment was located to the condition which existed as of the Commencement Date, reasonable wear and tear excepted. Any equipment, cabling, components or other property of LICENSEE remaining on the Premises after the expiration of the aforesated period may be removed and stored by LICENSOR. In the event of Casualty causing damage to the Premises comprising less than a total destruction thereof, LICENSEE may, if the Premises are not restored to a condition which permits for the operation of the Equipment thereupon within 90 days from the date of Casualty, install a temporary cell on wheels ("COW"), subject to the approval of LICENSOR. The license fee payable by LICENSEE hereunder shall either, to the extent applicable, be reduced in proportion to LICENSEE's reduction in usage of the Premises and/or provision of services therefrom as a result of such Casualty or, where there is a total cessation of LICENSEE's operations, be abated for such period of time as LICENSEE is unable to use the Premises (including via a COW) to the full extent anticipated herein as a result of any Casualty.

16. Condemnation. If the Premises or any portion thereof is condemned or subjected to a taking by any governmental authority with the power of eminent domain, this Agreement shall terminate as of the date upon which LICENSEE is required to remove its Equipment from the Premises. LICENSEE shall be entitled to seek its own award from the condemning authority only to the extent such award does not result in a diminution of the awards payable to LICENSOR and AAT, except if such awards include the value of LICENSEE'S Equipment and/or moving expenses.

17. **Default.** *The occurrence of the following events shall constitute an event of default hereunder:*

(i) the failure of either party to comply with any of the provisions of this Agreement or to faithfully and timely perform all of the duties and obligations of such party hereunder (a "Non-Monetary Default"); or

(ii) the failure of LICENSEE to pay, when due, the license fee or any other amounts owed LICENSOR hereunder (a "Monetary Default").

18. **Termination.** A. *This Agreement may be terminated under the following circumstances:*

(i) upon receipt of written notice from the non-defaulting party, in the event of a Non-Monetary Default which the party in default has failed to cure within 25 days of receipt of notice from the non-defaulting party of the existence of said default;

(ii) upon receipt of written notice from LICENSOR or AAT upon LICENSEE's failure to make full payment of any amounts owed hereunder within 15 days of LICENSEE's receipt of notice from LICENSOR declaring LICENSEE to be in Monetary Default;

(iii) upon receipt of written notice from either party, if LICENSEE is unable to eliminate any interference caused by its Equipment within a period of 20 days following LICENSEE's receipt of notice from LICENSOR or AAT of the existence of such interference in accordance with the terms of Paragraph 3. hereof;

(iv) upon receipt of written notice from LICENSOR or AAT, in the event the Equipment is determined to be the source of RF emissions in violation of the provisions of Part A of Paragraph 10 above and LICENSEE has failed to minimize such RF emissions to a degree in compliance with the RF Standards within the earlier of 72 hours after prior written notice or the time limit established by the FCC, LICENSEE shall, upon receipt of notice from LICENSOR and/or AAT of said violation, discontinue use of the Equipment (except for intermittent testing) until the Equipment is in compliance with the RF Standards.;

(v) upon receipt of written notice from LICENSEE, in the event of interference to the Equipment caused by the equipment of any other party, whether on the Premises or elsewhere, which is not minimized to an acceptable degree within 20 days following LICENSOR's receipt of notice from LICENSEE of the existence of such interference;

(vi) by LICENSEE, upon 10 days' notice to LICENSOR, in the event the transmission or reception paths to the Equipment are interfered with or obstructed by other equipment or systems serving the Premises or by buildings or other structures which are constructed in the surrounding area after the date of this Agreement;

(vii) upon receipt of written notice from LICENSEE, if LICENSOR and/or AAT (a) do not approve of LICENSEE'S plans and specifications pursuant to the provisions of Part B of Paragraph 2, or (b) do not reach an agreement, acceptable to LICENSEE in its sole discretion, regarding the location at which the Equipment shall be installed by LICENSEE, or (c) do not consent to any increase and/or modification of the existing electrical circuits at the Premises as set forth in Paragraph 8 hereof within 30 days of the date LICENSOR is in receipt of LICENSEE's request therefor;

(viii) upon receipt of written notice from LICENSEE, in the event any license, permit or other governmental approval required for the installation or operation of the Equipment is withheld, revoked or withdrawn, other than as a result of LICENSEE's acts or negligence;

(ix) by LICENSEE, for any reason or no reason, provided LICENSEE delivers notice of such early termination no less than 30 days prior to the Commencement Date.;

(x) upon receipt of written notice from LICENSEE together with liquidated damages equal to 6 monthly installments of the license fee payable hereunder, for technological reasons not existing as of the Commencement Date and not otherwise addressed in this Paragraph 18, provided, however, that LICENSEE shall not be obligated to remit the aforementioned liquidated damages if the technological reasons providing grounds for termination hereunder are the result of the acts or negligence of LICENSOR and/or Premises' Owner; or

(xi) upon receipt of written notice from LICENSEE, in the event LICENSEE is cited because the Premises is not in compliance with marking and lighting requirements as set forth in Paragraph 23 hereof.

B. *In the event of a Non-Monetary Default by either party hereunder which is subject to cure but cannot reasonably be cured within the time period set forth in section (i) of Part A of this Paragraph 18, the time for curing such default shall be extended for such period of time as may be reasonably necessary to complete such curing, provided the party in default proceeded*

promptly to cure same and thereafter diligently pursues such curing to completion and further provided that such additional time for curing does not materially interfere with the non-defaulting party's use of the Premises and/or rights set forth in this Agreement.

C. Following the effective date of termination of this Agreement in accordance with any of the foregoing, neither party shall have any further obligation or liability hereunder, other than as may be specifically set forth herein.

D. In the event of termination pursuant to section (vii) of Part A of this Paragraph 18, any and all license fee payments made by LICENSEE pursuant to this Agreement shall be refunded to LICENSEE.

19. Contractors. *A. Any and all contractors hired by LICENSEE to install the Equipment or perform any other work (except for maintenance and/or servicing of the Equipment) at the Premises ("Licensee's Contractors") shall be subject to the approval of LICENSOR or AAT. Such approval shall not be unreasonably withheld or delayed, subject, however, to any requirements of LICENSOR with respect to access to the Premises during the performance of such installation and/or other work.*

B. Each of Licensee's Contractors shall be required to obtain insurance protecting itself, LICENSEE, LICENSOR and AAT against any and all claims, losses, damages or costs which may arise out of or result, directly or indirectly, from (i) the activities of said Licensee's Contractor at the Premises or (ii) the acts or negligence of said Licensee's Contractor or its employees. The insurance required to be obtained and maintained by each of Licensee's Contractors shall be as follows:

Prior to commencing work at the Premises, each of Licensee's Contractors shall provide AAT or LICENSOR with current certificates of insurance, evidencing that it has obtained the requisite coverages in the mandated amounts; that LICENSEE, LICENSOR and AAT are named as additional insureds thereunder; and that such policies cannot be cancelled or

amended without at least 10 days' prior notice to the parties named thereunder as additional insureds.

C. Notwithstanding the foregoing, LICENSEE agrees to accept all responsibility and liability for all actions of Licensee's Contractors and to indemnify and hold LICENSOR and AAT harmless from and against any and all claims, losses, damages or costs for which LICENSOR and AAT are not fully reimbursed pursuant to Part B of this Paragraph 19.

20. Assignment. *A. LICENSOR may assign its interest in this Agreement to any third party, subject to the assignee assuming all of LICENSOR's obligations herein, provided that LICENSOR gives LICENSEE written notice of any such assignment at least 10 days prior to the effective date thereof.*

B. Provided that (i) LICENSEE is not in default hereunder, (ii) that LICENSEE gives written notice of its assignment (either prior to or within a reasonable time, not to exceed 15 days, after the effective date thereof) and (iii) the assignee agrees to assume all of LICENSEE's obligations hereunder (including those due and owing as of the effective date of assignment), LICENSEE shall have the right to assign its interest in this Agreement to any parent, subsidiary or affiliate of LICENSEE or its parent company; any entity with which or into which LICENSEE is merged or consolidated; or to any successor in interest or entity which acquires 51% or more of LICENSEE's stock or assets. Notwithstanding anything to the contrary contained in this Agreement, LICENSEE may, without consent and without any other condition precedent or subsequent (as may otherwise be applicable to an assignment of this Agreement), assign, mortgage, pledge, hypothecate or otherwise transfer its interest in this Agreement to any financing entity, or agent on behalf of any financing entity to whom LICENSEE (i) has obligations for borrowed money or in respect of guaranties thereof, (ii) has obligations evidenced by bonds, debentures, notes or similar instruments, or (iii) has obligations under or with respect to letters of credit, bankers acceptances and similar facilities or in respect of guaranties thereof, provided that such financing entity shall not assume LICENSEE's rights under this Agreement unless and until LICENSEE provides LICENSOR with prior written notification of the name and address of said party. In the event that any such financing entity elects to assume all of LICENSEE'S rights under the Agreement, such assignee shall also

assume all of LICENSEE's obligations hereunder.

C. Any assignment hereof by LICENSEE other than pursuant to the terms of Part B of this Paragraph 20 shall be subject to the written approval of LICENSOR. Any request for such approval shall be made in writing, at least 45 days in advance of the effective date of assignment, and shall include the net worth of the assignee as of the last day of the most recent quarter of said assignee's business year. LICENSOR shall not unreasonably withhold such approval, subject, however, to the assignee's agreement to accept all obligations of LICENSEE hereunder (including those due and owing as of the effective date of assignment).

D. LICENSEE shall not sublicense all or any part of its rights or obligations hereunder.

21. **Controversies.** A. Except for any uncontested termination pursuant to Paragraphs 17 and 18 hereof and/or any claim for injunctive relief, and in the event the amount in controversy or claimed as damages is less than \$25,000, all controversies with respect to this Agreement or the rights, duties or obligations of the parties hereunder shall be settled by arbitration conducted by one arbitrator of the American Arbitration Association (the "AAA") in the County in which the Premises is located under the Rules of Commercial Arbitration (the "Rules") as they exist at the time demand is made therefor. The cost of said arbitration and all fees associated therewith shall be paid in accordance with the Rules.

B. In the event the amount in controversy or claimed as damages is equal to or greater than \$25,000, the party making demand for same shall have the option of either making demand for arbitration in accordance with the provisions of Part A of this Paragraph 21 except that the arbitration shall be before a panel of three arbitrators, or seeking relief from an appropriate court having jurisdiction over the subject matter and parties. In the event that such party selects arbitration, two of the arbitrators shall be chosen in the following manner: one by each of the parties. The third arbitrator shall be selected by the two arbitrators chosen by the parties. If, within fifteen (15) days from the date of the selection of the first two arbitrators, the two arbitrators are unable to agree on the selection of the third arbitrator, the third arbitrator shall be selected by the AAA. The third arbitrator, who shall be the chair of the panel of arbitrators, shall be experienced in the matters similar to the matter

in dispute and shall be experienced in conducting hearings

C. All arbitration proceedings conducted in accordance herewith shall be held in accordance with the laws of the State in which the Premises is located and the arbitrators shall be bound by the law and settled principles of equity in such State. If any action at law or equity is necessary (i) to enforce the terms of this Paragraph 21 (including, without limitation, collection of any sums awarded by the arbitrator(s)), (ii) to enforce any equitable rights (i.e. injunction) which may be available hereunder, or (iii) to enforce any other term under this Agreement, where the other party has expressly refused to submit to arbitration in breach of the provisions of this Paragraph and thereby waived any right to arbitration, then the prevailing party shall be entitled to reasonable attorney, accountant and other professional fees, costs and expenses in addition to any other relief to which the prevailing party may be entitled.

22. **Warranty of Title and Quiet Enjoyment.**

LICENSOR warrants that: (i) LICENSOR owns the Premises and has rights of access thereto and LICENSOR has full right to make and perform this Agreement; and (ii) LICENSOR covenants and agrees with LICENSEE that upon LICENSEE paying the license fee and observing and performing all the terms, covenants and conditions on LICENSEE's part to be observed and performed, LICENSEE may peacefully and quietly enjoy the use of the Premises as granted hereunder.

23. **Marking and Lighting Requirements.**

LICENSOR agrees that it and/or AAT, and not LICENSEE, shall be responsible for compliance with all marking and lighting requirements of the Federal Aviation Administration ("FAA") and the FCC. Should LICENSEE be cited because the Premises is not in compliance, and should LICENSOR fail to cure the conditions of noncompliance, LICENSEE may proceed to cure the conditions of noncompliance at LICENSOR's expense, which amounts may be deducted from the monthly license fee.

24. **Miscellaneous.**

A. This Agreement, including the exhibits attached hereto, represents the entire understanding of the parties with respect to the subject matter hereof. Any addition, variation or modification of the terms hereof shall be effective only if made in writing, duly executed by authorized representatives of both parties.

B. Any provision of this Agreement which is deemed to be invalid by any governmental or judicial body having authority hereover shall be considered deleted herefrom. Such determination shall not serve to invalidate the remaining provisions of this Agreement.

C. This Agreement shall extend to, inure to the benefit of and bind the heirs, successors and permitted assigns of the parties.

D. LICENSOR agrees that, unless LICENSOR has the right to record the Underlying Agreement, a Memorandum of Agreement in the form annexed hereto as Exhibit "F" shall not be recorded by LICENSEE in the Official Records of the County in which the Premises is located.

E. In the event the Premises is encumbered by a mortgage or deed of trust, LICENSOR agrees to use all reasonable efforts to obtain and furnish to LICENSEE a non-disturbance and attornment instrument for each such mortgage or deed of trust. In the event a nondisturbance and attornment instrument is obtained, LICENSEE shall be subordinate to any such mortgage or deed of trust.

F. This Agreement shall be construed, interpreted and governed under and in accordance with the laws of the State in which the Premises is located. Except as authorized by AAT or LICENSOR, with respect as otherwise permitted herein, LICENSEE agrees that it shall not contact or discuss the subject matter of this Agreement with LICENSOR but shall instead, in each other instance, contact AAT as LICENSOR's managing agent.

G. All notices and payments sent with respect to this Agreement shall be in writing and delivered to the other party via certified mail, return receipt requested, or national overnight delivery service. Notices shall be deemed to have been

delivered upon the actual, verifiable date of receipt or refusal of delivery thereof by the recipient party. The current addresses of the parties to which such notices should be sent are as follows:
